Axel Vasquez

Web Developer

About me

I'm a web developer, mainly frontend using React and TypeScript. I'm passionate about creating websites and applications that are not only aesthetically pleasing, but also accessible and easy to use for the people.

Projects

Typing Test

Web to measure and practice your typing speed.

Mini Translator

Web extension to translate selected or input text.

Sudoku Game

Web game of the classic Sudoku game.

Asky

Good-looking prompts for the terminal.

Weather App

Weather web made for a hackathon.
